SNAP A PICTURE

We want to hear from you on what makes your community a great place to live—or where it could improve – through the lens of your camera. We challenge you to take a picture of:

1. Something in your community that helps you, your family, or others live well.
2. Something that makes your community a good place to live.
3. Something that needs improvement in your community.

Submissions accepted between now - 10/6/24.

Your photos & stories will be used for the 2024 MiThrive Community Health Assessment and inform future community health initiatives.
